## **CHOOSE DURABILITY WITHOUT INCREASING THE WEIGHT**

The specially designed shape of our profiles, combined with the highest quality galvanised steel with just a 20mm steel profile, has allowed us to produce exceptionally thin door frames without compromising on durability and stability, lasting for decades.

## **INVITE ART TO YOUR HOUSE**

Black Steel Doors are a perfect addition to any property, adding a touch of modernism to refurbished properties or adding character to modern loft-style apartments. Their minimalist, slim look will enhance the design of any room.

## **BRING LIGHT AND SPACE TO YOUR INTERIORS**

Are your rooms feeling cramped and dimly lit? Or do you want to increase the light and space felt in an office or living area with limited natural light? Black Steel Doors, thanks to their ultra-slim 20mm profile, increase light in those dark rooms, bringing darker rooms to light with a natural, non-intrusive style.

# SINGLE FRENCH DOOR

## YOU CAN MIX AND MATCH DIFFERENT DOORS WITH OUR INTERNAL PARTITION PANELS.

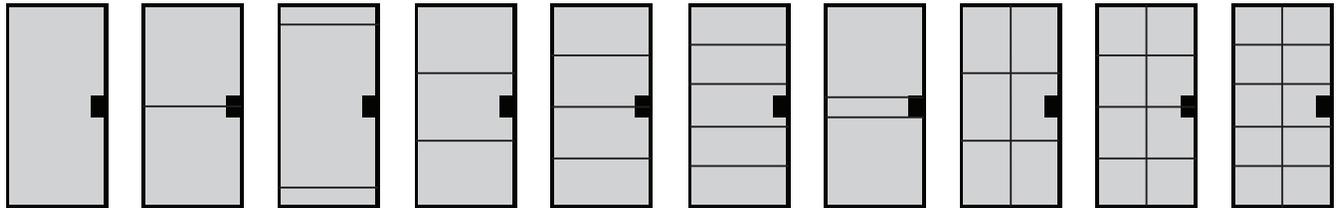

Elegant and trendy, our steel doors pull inspiration from a stylish industrial aesthetic to give your home or office a fresh, striking, modern look. Create a unique combination to create your own space. With options ranging from single steel doors to French-style double doors, there is no limit to finding your perfect look.

Each project is important to us, so our doors are bespoke. Security and stability is no issue as our steel doors provide up to three times the strength of aluminium framed alternatives, resisting warping and bending over time. Powder coating helps retain strength throughout the life of your doors.

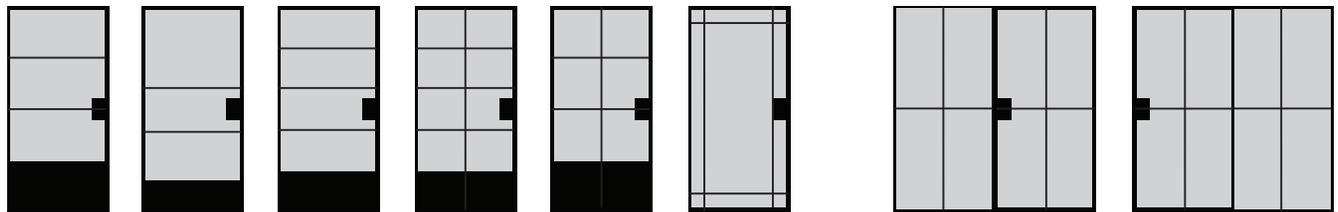

# STYLE GUIDE

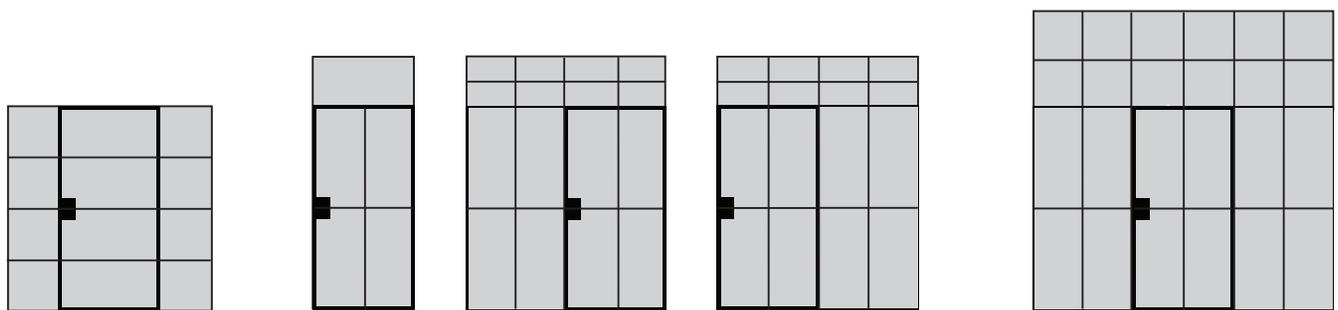

These are some examples of the different combinations you could create to fit your own project. Please note these are not limitations. If you have a design in mind a member of the Black Steel team will be on hand to help bring your vision to life.

With a timeless, elegant appearance our steel doors fit both traditional builds and new, modern designs, fitting seamlessly with your existing walls.

# DOUBLE FRENCH DOOR

**FRENCH DOORS ARE JUST AS CUSTOMISABLE AS SINGLE OR DOUBLE DOORS, WITH INDIVIDUAL PANELS BEING ATTACHED EITHER ABOVE OR TO THE SIDES OF THE DOORS.**

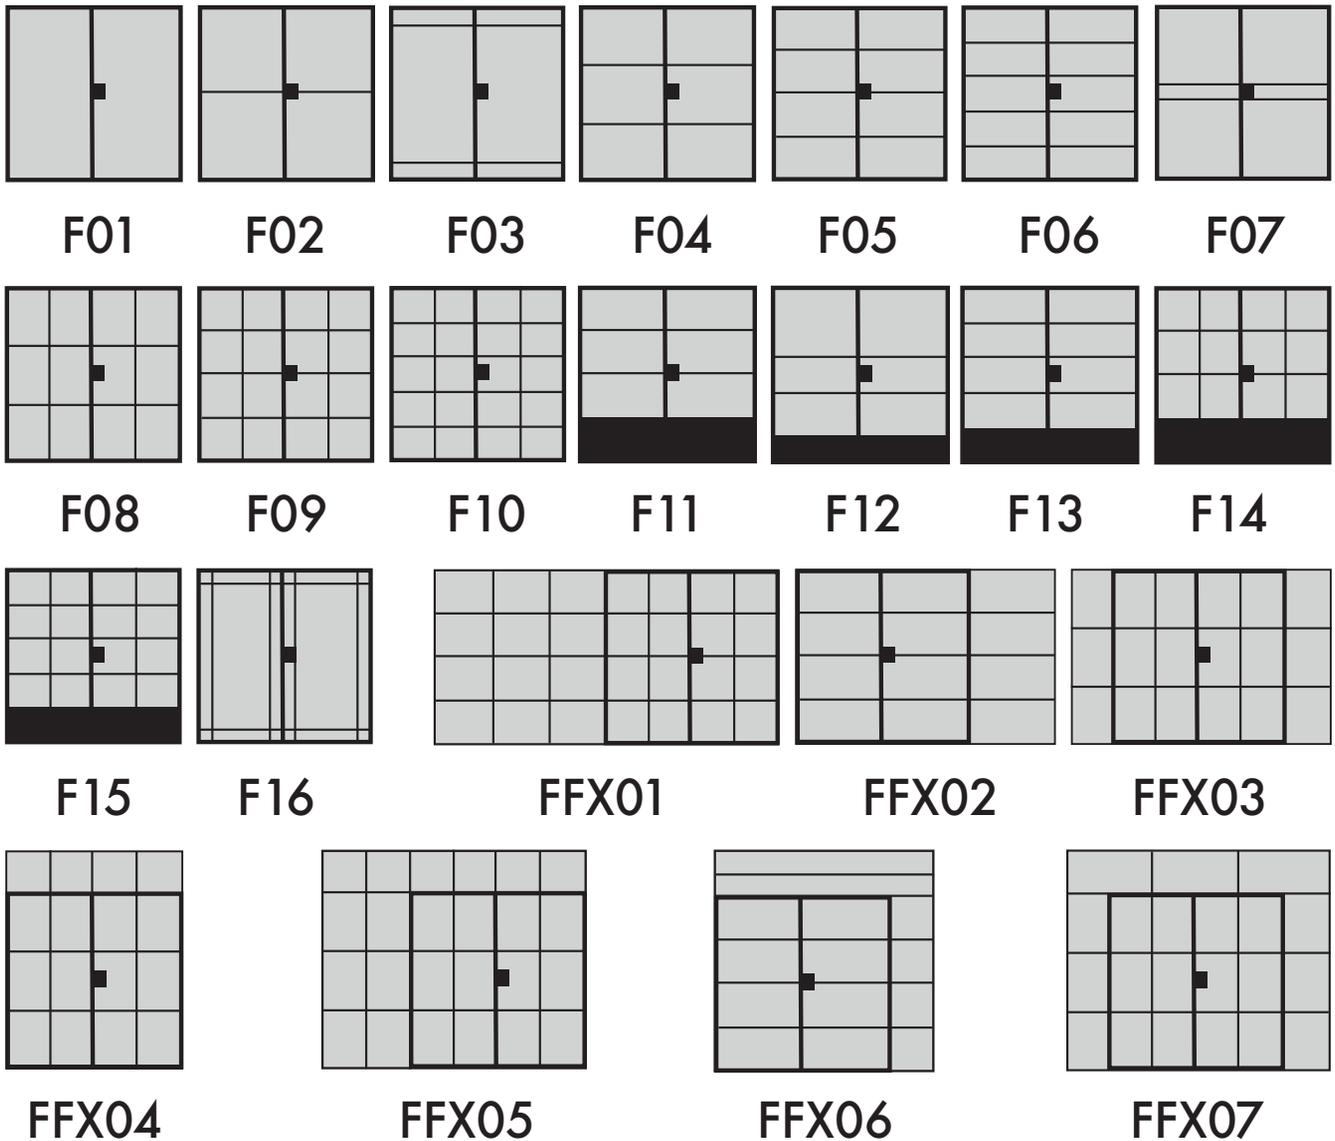

Our French-style double doors allow you to open up a stylish, slim partition to create an open space between any two rooms, without compromising on usability or privacy.

Choose between multiple handles styles and select a lock to increase the security of any room. Frames are also powder coated to protect from the damage of everyday life.

Our range of steel doors help you create a feel of open plan living, bespoke to your property. Allowing plenty of light through any partition opening combination you may desire.

# PIVOT DOOR

**CREATING AN ULTRA-MODERN LOOK HAS NEVER BEEN EASIER WITH OUR CUSTOMISABLE PIVOT DOORS.**

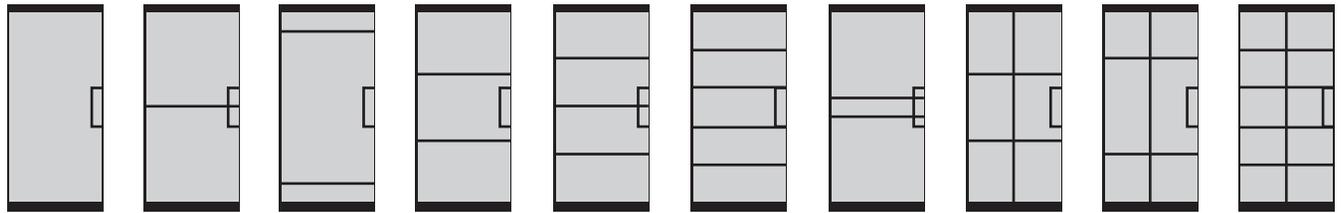

Choose from single or double doors. These doors have fully adjustable height and width angles so even after installation changes can be made. If you are looking for the ultimate Manhattan apartment style then these doors are best suited to you.

With a lock in place system these doors can be fixed in place to create a separate room or can be locked in an open position to create an open plan living space. Powder coated as standard to protect from the everyday use, extending the life of your steel doors.

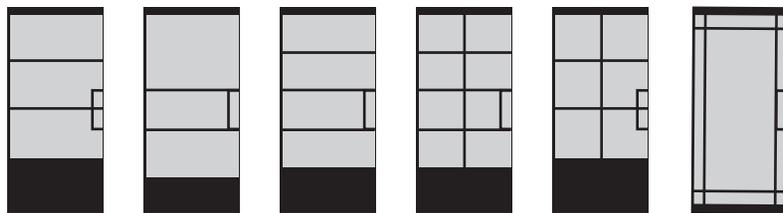

# STYLE GUIDE

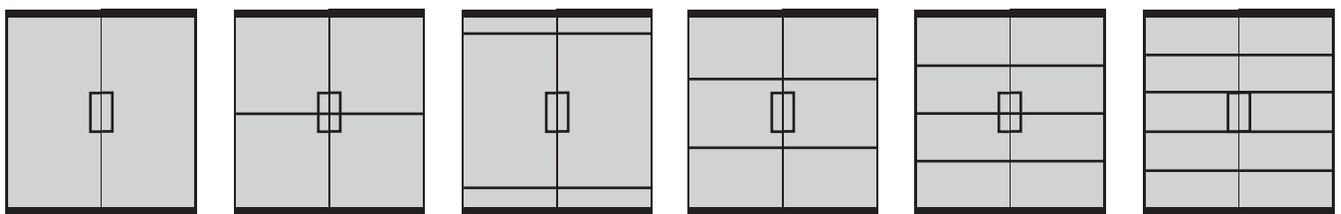

Our Pivot doors are just as customisable as single or double doors, with individual panels being attached either above or to the sides of the doors. Here are some example designs. Please note these are not limitations. If you have a design in mind a member of the Black Steel team will be on hand to help bring your vision to life.

# SLIDING DOOR

## **DO YOU HAVE A SMALL SPACE YOU WANT TO SEPARATE FOR PRIVACY? PERHAPS AN OFFICE OR LIVING AREA?**

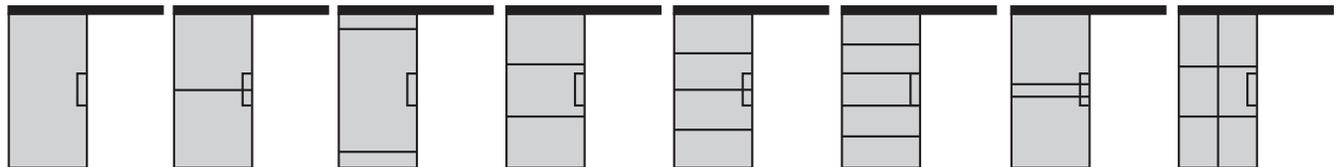

Using minimal space our sliding doors make the perfect room division, whether as a compact pocket door or as part of a grand entrance in a biparting configuration. Our sliding doors allow you to bring light and a smooth-opening luxury feel. You can also combine them with our internal partitions, bringing you infinite flexibility to create a unique partition for your internal space.

These elegant loft-style frames ensure you get the maximum amount of light throughout your rooms, while the strong steelwork protects the doors from warping and damaging, which is a common problem of aluminium frames. Our steel sliding doors are built with thin profile, giving you slim sight lines and maximum glass area.

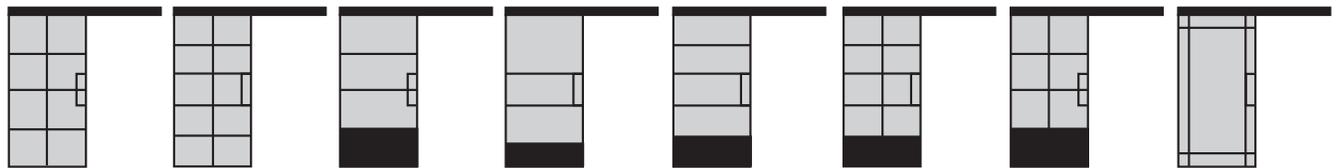

# STYLE GUIDE

Sliding doors create the perfect space saving partition between two rooms. You can add additional panels being attached, either above or to the sides of the doors. Here are some example designs. Please note these are not limitations. If you have a design in mind a member of the Black Steel team will be on hand to help bring your vision to life.

Our steel sliding doors add practicality and elegance to any size location, using minimal space to create a sleek but functional separation between office or living area.

# PARTITION SCREEN

**OUR STEEL PARTITIONS ARE A STYLISH OPTION TO FLOOD YOUR HOME OR OFFICE WITH LIGHT.**

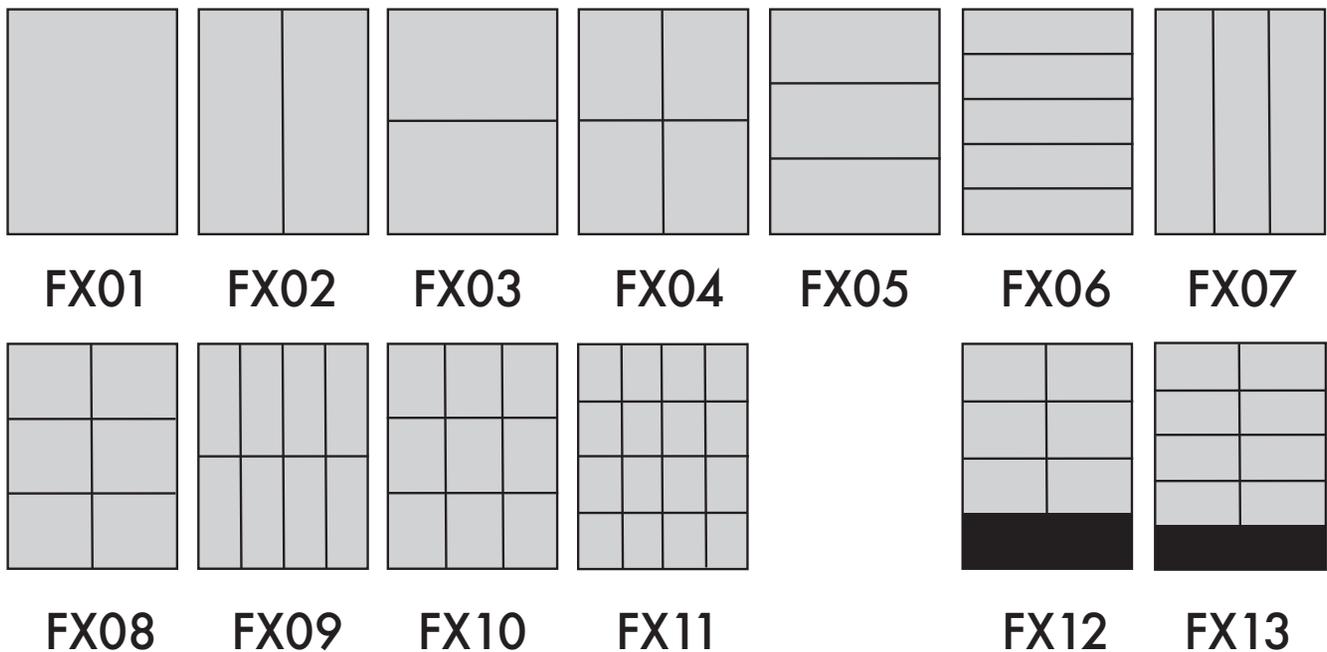

Do you have an office space you wish to separate without closing off extra space? Is your home missing some privacy but you don't want to compromise on dark, cramped rooms? Our partition frames have some of the slimmest sight lines in the industry, giving you a sophisticated, clean look that maximises light.

Building from steel gives our frames strength, up to three times stronger than aluminium. This protects your partitions from deforming under force, heat or weight. Black Steel partitions are strong and secure, powder-coated to protect the look of your steel for years to come.

# STYLE GUIDE

Partition screens are the perfect way to create additional rooms without compromising on natural lighting and reducing the feel of space in your home or office. Our frames are hand-designed for your property and customisable with a wide range of colours and finishes. Almost any size or design can be created with these partitions. Here are some example designs. Please note these are not limitations. If you have a design in mind a member of the Black Steel team will be on hand to help bring your vision to life.

You'll get a perfect fit and a truly special look. Our steel partitions bring a contemporary industrial look, with slim frames and maximum glass.
